Service	Description	Location or Travel Zone	Deposit (£)	Full Payment (£)
Behavioural Clinic	<p>We run weekly clinics at the West Mids Showground. Each clinic appointment is 1½ hours long and every client receives a copy of the 4-Legs-Good Dog Training Manual, notes specific to their dog's problem followed by a bespoke summary a few days later. As with home visits, the referring vet is kept informed at all stages of the process and follow-up is provided by telephone and email. Alternatively, clients can have face-to-face followup for an extra fee (see below).</p> <p>Ideal location in which to work on dog-to-dog problems – we can organise our range of friendly stooge dogs and dog handlers to expose to your dog in a controlled manner.</p>	West Mids Showground, Shrewsbury	100	150
Dog Consultation	<p>2-hour home visit on referral from a veterinary surgeon. Includes a copy of the 4-Legs Good Dog Training Manual, a detailed written report a week after the initial consultation, a clinic or Skype follow-up appointment and unlimited telephone/email follow-up.</p> <p><i>Training rates are shown in italics below our normal rates. You may recorded in these consults for training purposes.</i></p>	Zone 1	100	280 <i>150</i>

Cat Consultation	<p>1 ½ hours consultation on referral from the veterinary surgeon. Includes a detailed written report a week after the initial consultation and telephone/email follow-up. We provide both home visit and telephone consultations for cats. A telephone consult is suitable for those too far for us to travel to – there is obviously more risk of not getting to the bottom of the problem, but is generally successful.</p> <p><i>Training rates are shown in italics below our normal rates. Any information you choose to disclose to 4-Legs-Good will be securely retained on paper and on a computer database and will not be disclosed to third parties without your prior consent, unless there are legal reasons to do so. If you contact us by telephone, please be aware that calls may be recorded for quality and training purposes.
2. We accept no responsibility for loss, injury accidents that occur to pet, owner, or their families, or for any veterinary bills, or other costs arising from any incident relating to training, equipment, or advice given by Claire Kirby, Zoe Demery and 4-Legs-Good Pet Behaviour Counselling CIC.
3. Any information regarding the pet's health and/or existing medical conditions/treatment must be disclosed prior to any consultation, or training, or supply of equipment. Where relevant any health issues regarding you, the handler, should also be disclosed to avoid injury and other issues pertaining to the services/equipment supplied.
4. Any information regarding behaviour issues in relation to your pet **MUST** be freely disclosed for example, fear, aggression, pet's previous behaviour history etc. Failure to do so could cause serious harm to your pet, you the owner, your behaviourist, or other members of the public.
5. If your pet is showing signs of ill health (such as vomiting, diarrhoea, coughing), or if you have a bitch in season, please advise your behaviourist as soon as possible in order to rearrange your appointment. This also applies to post-operative recovery periods. Your cancellation clause arrangement will of course apply in this case.
6. All pets must be free from disease and up-to-date with worming, flea and tick treatment prior to consultation.
7. Children and family members are welcome to join in with consultations – this is at your own discretion. All involved must also comply with the Health and Safety recommendations advised herein and to take proper reasonable care during and after the consultation. We accept no liability for the health and safety of those you choose to involve.
8. Children must always be supervised when around animals and you should take proper care to ensure that they do **NOT** attempt to replicate any training, or behavioural modification recommendations on your pet without proper, adult supervision. This applies in all cases, even if the children have been actively involved with behavioural consultations or training sessions with 4-Legs-Good Pet Behaviour Counselling CIC.
9. Payment for services must be made in advance at the time of booking. In the case of a one-off consultation or training session payment is made by a deposit, followed by the remainder of the payment at the appointment. For other services the full fee is paid in advance. There is a cooling-off period of 14 days from the time of booking, but if you choose for the service to take place within these 14 days, you lose your right to cancel with a refund. For day seminars and behavioural clinic appointments, the deposit payable on booking is non-refundable. For one-off behavioural consultations or single training sessions, if cancelled more than 5 working days before the appointment, the consultation may either be re-scheduled and the deposit carried over to the next session, or half of the deposit is retained to cover administration costs. For pre-paid training courses, cancellations received at least 48 hours before the appointment will result in re-scheduling of that session. Any cancellations received closer to the appointment than the times described above will result in retention of all of the deposit, plus the full fee for that service being invoiced. Cancellations should be made in writing.
10. Claire Kirby, Zoe Demery and 4-Legs-Good Pet Behaviour Counselling CIC do not endorse the use of physical punitive correction. Our welfare and protection policy is that any health or welfare issues found to be of concern will be reported to the local government authority and RSPCA inspector, or local Police where appropriate.
